Some of the new features introduced by infinity

The unique HTR system, controlled by cutting-edge 4.0 technology, serving the Chef.

Access maximum INFRARED WEGRILL power with a simple touch. By pressing the “all” button, you immediately have the intensity of the HTR system and all the power of the Fast Grill Function at your fingertips!

Independently manage 5 power levels on three separate areas and up to 10 cooking steps with specific powers and times.

Auto-Griller assistant signals you when to turn or serve your dish. Store your preferences and save endless preparations.

With “INFINITY Recipes Bank” you can save and share on the cloud “MyWegrill” all your recipes in just a few steps. It includes a cookbook signed by the Wegrill team, an area for your personal creations, and an updated section with news from the Wegrill community.

My Wegrill Cloud: a dedicated cloud system to manage and monitor INFINITY in real time. Update recipes, check maintenance, and monitor management and food costs, all from the convenience of your mobile device.

Wegrill cares about your venue’s energy efficiency; with INFINITY and the USE feature, you can gradually deactivate inactive areas, avoiding wasted energy and additional costs.

WASHING ASSISTANT intervenes with a monitoring system and cleaning programs facilitated by water

Discover the Broiler Grill 4.0 INFINITY

Infinity elevates the performance of Wegrill Infrared to new levels. Since we recognized the power of infrared, Wegrill has become the undisputed leader in infrared Broiler cooking.

Our mission? To make Broiler technology accessible and versatile for everyone. From here the INFINITY project: to combine control and power for perfect infrared cooking in every situation.

A Broiler grill fit for every hand and every recipe. To add precision to the power of the Infrared Wegrill.

ABSOLUTE CONTROL

OF THE POWER

With the POWER SYSTEM, you have 5 levels of infrared to modulate endless variations of recipes.

OF THE TIMES

With the three independent cooking zones and 6 separate timers, manage different combinations, optimizing your work in busy times.

As you focus on preparation, Infinity signals the right time to turn or pull out the dish, ensuring consistency and fidelity to your directives.

With INFINITY Wegrill brings the Broiler grill into the 4.0 era.
